

Salish

The Salish is a Recreational Double build for Adventure with a Companion.

Our new double kayak is tremendously capable: perfect for weekend and vacation time, family travels on the lake, or paddling in the bay and easy rivers. The Salish is well suited for rental operations.

	Salish
Length	14' 8" (450 cm)
Width	30" (76 cm)
Weight	75 lbs (34 kg)
Max Capacity	700 lbs (315 kg)
Paddler Weight	each 230 lbs (each 105 kg)
Front Storage Volumes	N/A Foam Flotation
Back Storage Volumes	18 Gallon (72 Liters)
Cockpit Stern Rim Outside	46" x 20.5" (116 x 52 cm)
Cockpit Stern Rim Inside	42.5" x 17" (108 x 43 cm)
Cockpit Bow Rim Outside	36.5" x 18.5" (93 x 47 cm)
Cockpit Bow Rim Inside	33" x 15" (84 x 38 cm)
Cockpit Height (Front x Back)	11" x 10" (28 x 25 cm)
Bow Hatch Size	N/A Foam Flotation
Stern Hatch Size	14" x 12" (35.6 x 30.5 cm)
Clean Stern	Yes
Rudder	Yes
Child Seat	Jump Seat Included

Built for stability and efficiency, the Salish has a predictable performance in wind, choppy water and currents. The Delsyk Design's height and angle adjustable backrest and wedge adjustable seats are easy to use, providing a wide range of fit and maximal comfort. The large rear cockpit can be easily adapted to fit a child, with the included jump seat. The long cockpit allows the back seat to be moved forward, so the Salish can be paddled as a single kayak. Available in rudder and clean stern versions.

Tuktu

The Tuktu is a capable recreational kayak built for fun and comfort.

Its outfitting is built for functional comfort; the boat is both very easy to learn with, while also being inviting for frequent use and adventuring. The cockpit is spacious and accommodating. The padded thigh area in the Tuktu allows control with the knees either pressing up to the deck or outwardly against the cockpit.

Comfortable back support is easily adjustable in height and angle of lean, and features Delsyk's seat with an adjustable front wedge to optimize your paddling ergonomics. The larger cockpit opening makes it very suitable for activities such as fishing and photography, while the stable yet fast hull form is truly a joy to paddle. Remarkably light at 42 lbs (19kg), the Tuktu can be easily transported and carried. Outfitting includes: Expedition Quality rear hatch, rear bulkhead, and deck bunjee lines. The cockpit features Delsyk Design's durable full support adjustable seat and backrest, and a comfortable and accommodating thigh pad.

	Tuktu
Length	10' 4" (315 cm)
Width	27" (68 cm)
Weight	42 lbs (19 kg)
Max Capacity	300 lbs (135 kg)
Paddler Weight	up to 250 lbs (114 kg)
Front Storage Volumes	N/A Foam Flotation
Back Storage Volumes	18.45 Gallon (75 Liters)
Cockpit Rim Outside	44" x 22" (112 x 56 cm)
Cockpit Rim Inside	41" x 18.5" (104 x 47 cm)
Cockpit Height (Front x Back)	11" x 10" (28 x 25 cm)
Bow Hatch Size	N/A
Stern Hatch Size	15" x 15" (38 x 38 cm)
Clean Stern	Yes
Rudder	N/A
Skeg	N/A

The Nifty 385 and 430

The **Nifty 430** is a medium size sea kayak with its signature double chine hull that gives the boat amazing stability. The **Nifty 385** is slightly shorter and wider, which makes it even more stable. Both kayakers are designed so that you can learn the technical paddling skills that will help expand your horizons and ultimately, help keep you safe.

Delsyk Niftys are designed to paddle in a straight line and carve turns easily, just by leaning slightly to put the boat on edge. Their 'dolphin' bows lift up and over waves to help deflect spray, and flush hatch covers and expedition deck fittings help keep the decks, and you, dry. Safety is essential, so the Niftys have sealed bow and stern bulkheads. Accessing storage is easy through large neoprene covered hatches. The Nifty 385 bow compartment features a functional 8 inch round cover.

Ergonomic deck design and good body position are key to reducing body strain when paddling. In the Niftys' you can control your comfort. The unique seat has a wedge located under the front edge so you can adjust the seat angle and thigh fit. A comfortable backrest is easily adjustable, both in height and angle. The backband is standard in the skeg models and can be fitted to all Delsyk kayakers.

Wedge can Adjust Seat Angle

Backrest Height is Adjustable

Optional Back Band

Akula

The Akula is a Sea Kayak built for open water travel.

At home, on lake, or at sea the Delsyk Akula benefits from 40 years of design and boat building experience. The Akula's versatile multi-chine hull allows both flat and on edge paddling, performance, and comfort. Delsyk Design's seat features a wedge at the front edge of the seat, allowing the paddler to customize the seat leg angle and cockpit fit. The height and angle adjustable backrest is standard, or can be easily fitted with a backband. Delsyk's comfortable and effective cockpit and ergonomics will keep you comfortable, even on long tours. The boat is fitted with: flush hatches with neoprene seals, double sealed bulkheads, a sturdy cockpit rim, full deck fittings, and the option for skeg or rudder. All of these features give the Akula value, safety and great performance.

Slalom 335

The SL-335 is a slalom training kayak built with top level performance and capabilities.

Slalom paddling is one of the fundamental building blocks of the sport of kayaking. Slalom encourages precision and efficiency; and without a doubt, trained slalom paddlers are among our sports most admired paddlers. The new SL-335 is the best performing polyethylene kayak, and can be used for training and recreational racing, right alongside the best carbon kayakers made today.
